## EXAMINATION LAMP LED 3W HOLTEX - BLACK

Ref. OSLAMP01

**Traditional and most popular medical examination lamp, with handle on the lamp holder, integrated into the switch.**

### Description

Light weight, easy movement, focus on any angle by flexible arm, convenient operation.

- Infrared free LED technology: it reduces the feeling of heat for the patient and the doctor. The tissues do not dry out as quickly during the procedure under very weak light radiation.

- Positioning and long range: the articulated arm ensures the ease of movement and positioning of light and thus avoids blind spots.

- Variability of lighting: the dimmer located on the control box makes it possible to reduce or accentuate the lighting power.

- Energy saving: the lifespan of an LED source is 40 times longer than that of a halogen bulb. Low power consumption: 1/3 less than conventional halogen system.

- Field of application: close examination, above the bed, intensive care, recovery rooms, dermatology, care for the elderly, gynecology, ophthalmology, ENT, minor surgery... etc.

### Features

CE Marking	CE	Medical device	Class I
Bar code	3661040212814	HS Code	94054090000
Warranty (months)	12	Country	China
DIMENSIONS AND WEIGHT			
Packed unit / Width (cm)	12	Packed unit / Height (cm)	111
Packed unit / Length (cm)	33	Packed unit / Weight	7
SPECIFIC STORAGE CONDITIONS			
Minimum temperature	NA	Max temperature	NA
Minimum humidity	NA	Maximum humidity	NA
OTHER FEATURES			
Packed unit / Quantity	1
