PROBE WITH ONE KNOB 18 CM

Ref. IS08418

Holtex

Convenient for probing wounds without taking the risk of tissue damage

Description

Holtex instruments are all made of premium stainless steel (AISI 304, 410, 420 and 420A, depending on the type of instrument) to ensure good durability and corrosion resistance.

The steels come into contact with human tissues, so they must comply with international standards and regulations.

Holtex guarantees you medical devices that comply with Directive 93/42/EC and ISO 13485 (2016).

- In the "ATTACHED DOCUMENTS" tab, you can download the "Cleaning and sterilization" leaflet

Features

CE Marking	CE	Medical device	Class I
